INSIGHTS

1. growth in Segment Analysis:

- Consumer Segment contributed \$1.16M ,the largest share of total shares.
- Home Office segment recorded the lowest sales at \$429k.

2. Category Trends:

- Technology dominates sales with strong profit margins signaling high popularity and profitability.
- Furniture attained low significant sales, but low margins indicate room for pricing strategy optimization

3. Office Supplies consistently profitable with strong demand

INSIGHTS

4. Yearly and Monthly Variability:

- Best Years: 2014&2016 outperformed driven by strong year end sales.
- Challenging year : 2015 had frequent monthly losses, requiring attention
- Year 2017 showed recovery with steady March and December

5. Geographic Insights:

- California Top- performing state in sales
- Growth potential :States like Illinois, Michigan, and Virginia show opportunities for market expansion.

RECOMMENDATIONS

- Optimize furniture margins: Review supplier terms and pricing strategy
 - Expand Office Supplies: Leverage promotions and expand loyalty programs to boost demand.
 - Stabilize monthly profits: Run targeted campaigns during under performing months.
 - Target Emerging States: Conduct market research and develop partnerships in underperforming regions
